

This Home – School Agreement is designed to provide a framework of responsibilities for our whole school community, which we hope, will benefit the children in our school. This document should be read in conjunction with our Communication Policy.

All staff at Kingsway Junior School believe that the pupils in our care deserve the very best education we can provide. This means having a secure, happy and stimulating environment where every child is valued, developing each child's potential to the full, and creating a 'community' environment where we all strive towards the same goal. That goal is to provide opportunities for the development of the 'whole' child; a child who is able to contribute fully to the society in which we live by fostering a sense of responsibility, self-discipline and positive attitude.
