Supporting Families

“Bringing back smiles”

We are here to help you support your child at home and at school

“It has helped me so much to talk about mine and my child’s needs and I feel I can now get the help I need without feeling worried or judged.”

Parent

Do you sometimes feel overwhelmed?

Our family Workers can help you and your family to overcome social, emotional and physical barriers - giving you practical advice, support and useful tools and strategies.

Our family Workers are happy to meet with you and your child in your family home, school or at a location convenient to you. They offer a wealth of experience and knowledge.

We are a free and confidential early intervention service which you can access by approaching your child(ren)’s school.

“My School Family Worker has been very helpful and is always on hand to offer advice and support when we’ve needed it. They are very professional with excellent people skills.”

Parent

“It’s been nice knowing I can talk to someone about anything and it calms me down.”

Our family Workers are friendly, approachable and able to listen to any worries that you or your child experience.

Our aim is to support you and your child with practical ideas and advice in:

- feeling more confident
- managing emotions
- being more resilient, able to cope with difficult situations
- encouraging independence and organisation
- building better relationships
- helping to find the right support
- improving social skills
