

**Week 1**

**Can You Classify?**

Tick the correct boxes below to show the features of each animal.

	Does it have wings?	Does it have fur?	Is it a vertebrate?	Is it cold-blooded?	Does it have legs?	Does it have an exoskeleton?
 ladybird						
 deer						
 magpie						
 anaconda						
 earthworm						

**Week 3**

Choose ten animals of your own and add their names or pictures into the Carroll diagram below. Can you find at least one animal for each box?

	has a spine	does not have a spine
lives in water		
does not live in water		

**Week 5**

How could you sort the animals below into a Venn diagram? Think of a characteristic title for each circle, then stick the animals into the correct places.
